

Georgia State University Housing Hiring Committee,

Kevin Haro has been a pleasure to be able to work with this past year. Kevin is truly one of the nicest guys you will meet in the department. I had the joy of having a desk shift with Kevin in the Fall semester of 2016 and there was never a dull moment. He treats everyone with class and respect. Kevin does his job very well and promotes community development. He is never afraid to ask questions regarding things he is unsure about and always offers his help to others when they request it. Kevin would be a great fit to return to the RA position. Let this letter of recommendation show my full support for his rehire as he has demonstrated the qualities and character it takes.

Best,

Cameron M. Johnson

Senior Resident Assistant

Piedmont Central
